ERA ELEKTRONİK A.Ş.

ENVIRONMENTAL POLICY

ERA electronics is the leading electronic company for automotive electronics and electrical home appliances electronics. Environmental policy described herein covers all activities through out design and production process that affect directly or indirectly at Dudullu OSB (Organized Industrial Zone) facility,

We see that environment is a valuable treasury and in feature environment should be protected for the benefit of whole world's humanity.

Environmental Policy;

- To meet and even exceed the requirements of relevant environmental legislation,
- Continuously improve Environmental Management System and prevent environmental pollution,
- Minimize waste, prevent pollution at source and reduce the negative impacts on the environment,
- To protect the environment and disseminate all of these principles to our environment,
- Determine environmental risks and reduce them for emergency situations,
- By fulfilling Workers Health and Safety Regulations, to prevent the negative effects that may affect the environment,
- Training the employees and subcontractors in order to develop awareness of the environmental protection,

ERA Elektronik is committed to establish and operate ISO 14001 Environmental Management System.

M. Oguz Citci
